Photography & videography was its finest and a New technology AI has been used in our wedding that really worked well and I thank the salt and light team for that & it was very wonderful and everyone enjoyed that AI that we used. Salt & Lights played a major role in my wedding. From day one Joshua was keen in giving the best. A wedding event is always remembered by the food, service & Grandeur. All 3 were made exceptionally exuberant. Even though we had very few days left for our wedding, Bro. Joshua and his team worked hard to do and give out the best of what we want. My friends & family still talk about the hospitality of the crew and the food Mutton biryani. So drooling, especially that icecream has a special place in my heart.

Everything was arranged on time they were no delay in the arrangements. And even though our wedding had to face some rain the team really worked hard and rearranged everything and did a great job. I thank them for their cooperation and also thank God for the oneness in the team.

Thank you would be a small word! I am extremely grateful to Salt&Light Events for being a major part of my big day! They arranged a complete all rounder at our wedding and reception: Decor, Catering and Photography/videography. Mr. Joshua and team meticulous worked on every smaller detail and accommodated all my ideas, thoughts and wishes in making the wedding day a fairytale! They went an extra mile and helped us with guest accommodation guidance and arranged amazing food for everyone during their stay. The food at the reception is still the talk of the town among our circles. They took every responsibility on their shoulders to make us feel very comfortable and relaxed throughout the planning and execution. I would highly recommend to reach out to Mr. Joshua for your events. Thank you Salt&Light!

We had our wedding on April 15th, completely planned and done by Salt and Light events. It was the best decision and was a great experience for us.

The decorations were absolutely amazing. And the detailed work in the decorations was extraordinary and was beyond what they have promised to us. Personalised Wedding Bible & the Song books were special and beautiful.

The food & catering was impressive among all, it gave the fullest satisfaction to all our guests and made our day better.

We could see the photographers on time in place capturing the moments perfectly and giving us our special day memories forever. They guided and helped us rightly.

Joshua brother was always available, answering to all our questions, giving us suggestions, and providing reassurance, making the entire planning process stress-free and enjoyable. He ensured that everything ran smoothly.

Heartily Thanks to SALT AND LIGHT EVENTS
We highly recommend Salt and Light for their professionalism, quality, creativity, detailing and impeccable service.

It was indeed a Divine Intervention from God and Exceptional Service from the team of Salt and Light.

I cannot express enough gratitude for the incredible experience I had with Salt and Light Event Planners, Bro. Joshua and Bro. Andrew. From the very beginning, it felt like a divine intervention as I connected with them. Their rates were surprisingly lower than other event planners, but they offered a comprehensive package with top-notch professionals and exceptional service.

We opted for their Top Package available for NLCC with some additional customizations and were impressed by their transparency and non-pushy approach to payments. They provided a clear quote and included many thoughtful details that other planners often overlook, such as customized Bibles, Bible placing trays, car arrangements, song book printing, and room arrangements. The planning process was seamless as they handled almost everything, leaving us to focus solely on our attire and inviting guests. The decor was breathtaking, with natural flowers and personalized touches like custom brooches for the groom's men and beautiful bouquets for the bride's maid and flower girls. 🌸

The two backdrops on stage, along with the outer tents and welcome boards, created a perfect ambiance. Their welcoming and guest hospitality teams were exceptional, ensuring that everyone felt welcomed and cared for. ❤️

The photography and videography teams were friendly and captured every moment beautifully. The pictures are top-notch, preserving memories for a lifetime. 📸

Out of the 1600 guests, not a single person complained about the food or decor. It was a testament to the exceptional quality and attention to detail provided by Salt and Light Event Planners.

The non-veg package included a variety of delicious dishes like idiyappam, chicken gravy, welcome drinks, Abucatta icecream, bread halwa, and chicken 65. The extensive veg menu ensured that everyone had plenty of options. Even the wedding cake was a beautiful centerpiece. 🎂

If you're looking for an event planner who goes above and beyond to create a memorable and stress-free experience, I highly recommend Salt and Light Event Planners. They are truly a blessing and will make your special day unforgettable.

Hello everyone!

My sister's wedding was in the year of 2022 by God's grace and mine on 26th December 2024. As we had best experience with the salt and light event organisation during my sister's wedding, we blindly handed over all the responsibilities of decorating, catering and photographing to them without thinking of any other choices.

At the end of the event we felt that our decision was really so perfect and from the bottom of our hearts, we with our family extend our sincere appreciation for the unforgettable best experience in the wedding ceremony with the affordable price.

Everything was so great and especially the food was amazing. Everyone who ate the food at reception enjoyed so well and still talks about the taste!

I wish to thank Mr. Joshua who is the event organiser for clearly explaining each and every detailing that can be made with the package which we opted and organised everything so well than what we expected, without any chaos in the great occasion

I am so happy with the photography and thanks to salt and light events for all their efforts made to make my wedding memorable forever to all my family, relatives and friends.

From Nova and Simran.

Words can't fully express how grateful we are to Salt and Light Events for making our wedding the most beautiful and unforgettable day of our lives.

From the very beginning, Joshua — who leads Salt and Light Events — made us feel completely at ease. He was genuine, transparent, and stood by every word he spoke. Planning a wedding can be overwhelming, but with Joshua by our side, the entire journey felt peaceful and smooth. His commitment and clarity gave us complete confidence to entrust him with our big day.

The stage décor was absolutely breathtaking — grand, elegant, and perfectly in tune with the atmosphere we hoped for. It felt like we were stepping into a dream, and it made our celebration feel sacred and joyful. And the food... truly out of this world. Even a month later, our guests are still raving about how delicious and memorable the food was. Every dish was crafted with so much care and flavor — it added so much warmth and joy to our wedding.

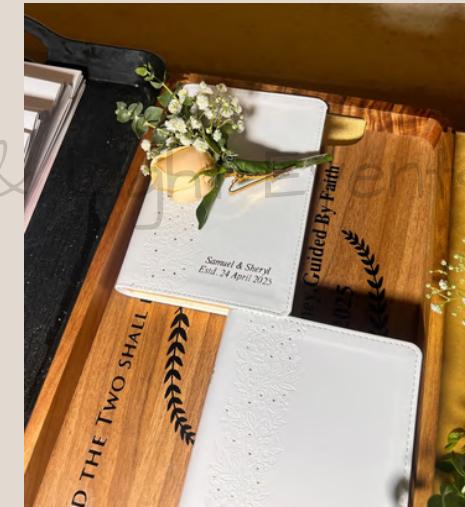

Salt and Light Events didn't just deliver a service — they poured their hearts into making our day everything we dreamed of and more. Joshua was more than just an event planner — he was a steady hand, a creative soul, and a trusted guide through it all.

If you're looking for someone to bring your vision to life with heart, honesty, and excellence, we wholeheartedly recommend Salt and Light Events. You can trust them — and you'll be so glad you did.

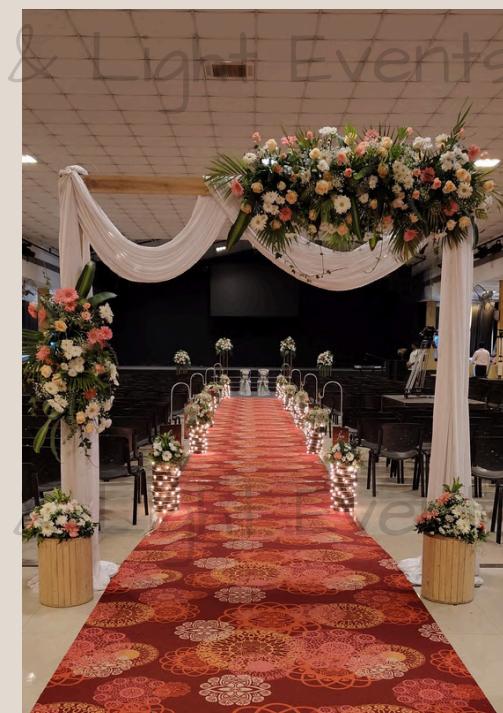

Thank you, Joshua, for being such a meaningful part of our wedding. We will cherish it forever.

We had the most amazing experience with Salt and Light Events for our Reception on April 7th ! From the start, they were warm, professional, and truly attentive to every little detail. What stood out the most was how they really took the time to understand our vision and made sure every part of the event reflected it perfectly.

We initially picked one decor theme, but later changed it completely. This shift changed the color scheme from our original sky blue to a golden base, but they still made sure to thoughtfully incorporate sky blue elements wherever possible. That kind of attention to detail really meant a lot to us!

The entire setup—from the entrance to the stage, the lighting, and floral arrangements—was simply stunning. It felt elegant, personal, and so well thought out. It truly felt like they were planning the Reception as if it were for their own family.

Need to plan a wedding in less than a month? Don't panic—just call Salt and Light Events and let the magic begin!

We were on a tight timeline, but Joshua Anna and his team made everything look effortless. They listened to our dream wedding vision, offered suggestions, and then somehow brought it all to life—flawlessly.

We just showed up looking cute—Salt and Light handled the rest. The decorations were absolutely out of this world. I asked for flowers—lots of them—and they delivered a full-blown floral fantasy without breaking the bank. The setup was grand, elegant, and so beautiful it almost (almost!) stole the bride's spotlight. We still haven't stopped receiving compliments from our guests!

Just two words - extremely reliable and affordable. We booked Salt and Light Events to do our end to end wedding and beach lawn reception. Just like any couple, we had high expectations and limited number of days to plan our wedding. First thing I liked with them is their process - they have process for everything, even as small as selecting a groomsmen brooch :)

Weddings can be chaotic and Salt & Light events were the order we needed. First we were hesitant to give end to end service to a single vendor because we were afraid that they may compromise or under deliver in any one expect, but, during the day, we noticed and realised that all the aspects exceeded our expectations.
